Jarrett Elected in 7th By 17 Votes; Dawes is Victor in 8th Ward
In an unusually quiet election, considering the court actions and filing turmoil that preceded it, Granite City voters returned to office Tuesday all incumbent city aldermen who sought re-election. They re-elected most of the aldermen by substantial majorities, named a new alderman for each the seventh and eighth ward and set what probably is a new record low number of votes cast in a city election.

The vote was extremely light estimated at not more than 6500 — despite the fact that an early-morning rain cleared within a short time and skies cleared to a perfect, sunny election day with moderate temperatures.

Turnout in Tuesday's election, although opposition was involved in all but one precinct, was in direct contrast to the 1963 city election of 1963 when 13,000 voters voted to the polls in an entirely different frame of mind and defeated seven of the eight city administration candidates.

Woman Shot to Death in Venice; Husband Wounded
Mrs. Helen McNair, 44, was shot to death and her husband, Eugene McNair, 38, was wounded seriously in a shooting in their home at 1106A Logan street, Venice, shortly after 6 p.m. Tuesday.

Venice police described the fracas as "a regular shoot-out" in which both the man and woman were fired at one another as the climax of an argument.

McNair is in critical condition in St. Elizabeth Hospital with a bullet wound in the left chest.

Mrs. McNair was pronounced dead on arrival at the hospital at 6:20 p.m., with bullet wounds in the abdomen and chest.

Police said they lacked complete details of the shooting because of McNair's inability to make a statement, although he told officers when they first arrived on the scene that he and his wife were involved in an argument and "scuffled."

James Estes Wins Chouteau Highway Post
(Chart on page 12)
James L. Estes, 124 Volpi place, Mitchell, was elected highway commissioner of Chouteau township in balloting Tuesday in the township's first precinct.

Estes, employed as a foreman with the Illinois state highway department, polled a total of 501 votes, a plurality of 114 over his nearest opponent, Walter Sharpe, village of Rural Route One. Sharpe received 47 votes.

Estes won one of a field of five candidates for highway commissioner, the only office open to election in Chouteau township.

Incumbent highway commissioner, Earl "Fuzzy" Jarrett, was not a candidate in the township's first precinct.

Balloting Results
In Tuesday's balloting, the unofficial results were like this: First Ward—Charles Moerlein, incumbent alderman, defeated B. J. Mihu 506 to 397.

Second Ward—Samuel Whitner was re-elected alderman by a margin of 450 to 190, better than two-to-one.

Third Ward—Incumbent Clyde Bowman received 483 votes to beat Andrew Gasparovic Jr., who received 298 votes, nearly two-to-one.

Fourth Ward—Claude Green, incumbent, beat William Harrison 867 to 349, another score of almost two-to-one.

Fifth Ward—Incumbent Walter Nann was unopposed, polling a total of 909 votes.

Sixth Ward—Incumbent Gerald Parnley rolled up the biggest majority of any candidate to beat Kelley Walls five-to-one with a vote of 459 to 91.

Madison Woman Burned While Asleep in Bed
Shirley Edwards, 33, of 1526 Third street, Madison, suffered serious burns to the upper leg and left fingers when the mattress of her bed caught on fire early Wednesday.

Firemen were called at 5:55 a.m. and found her standing in the yard wrapped in a sheet. She was taken to a police patrol car to St. Elizabeth Hospital where she was admitted.

The house was full of smoke and the mattress was smoldering when firemen arrived, but there was damage only to the mattress, firemen reported.

Cause of the fire was believed to be a burning cigarette, but it was officially undetermined.

Briggs Wins over Patrick By Slim, 39-Vote Margin
Harry Briggs, supervisor of six and seven, Delour also carried National township for the past 12 years, was re-elected Tuesday two and four, while Smolar carried by a plurality of only 39 votes in precincts one, three, five, six and seven.

Balloting in the township's victory from the vote cast in seven precincts gave Briggs a precinct four where Briggs carried by a plurality of 1273. Patrick polled 1234 votes.

Roger Delour, incumbent as township supervisor running on a "no party ticket" with Briggs and township highway commissioner Charles Hanks, also was re-elected by a plurality of 125 opponent pluralities in the precincts they carried.

Delour received 1310 votes and his opponent, George A. Smolar, polled a total of 1185 votes. Briggs was unopposed, polled 1669 votes, according to final unofficial returns from all precincts.

Week-End Scurry
A greater number of candidates than filed as "at large" candidates, obtaining new petitions in a weekend flurry of activity to meet the filing deadline of Feb. 13, caused a number of candidates to be removed by appeal proceedings and new mandates action resulted in eventual acceptance of ward-at-large petitions. A number of candidates consequently were knocked off the ballot in the at-large filings.

In the seventh and eighth wards, where new aldermen were elected, the incumbents did file for re-election. G. H. Sternberg, who has been alderman of Ward Seven, chairman of the city council's Street and Alley Committee and speaker of the city's sewer improvement program announced early that he was not running.

Tavern Owner Charged With Election Day Sale
William Kieffer, 57, of Kieffer's bar, 1801 Adams street, was arrested at 12:35 p.m. Tuesday on a charge of illegal sale of liquor on an election day.

He was released on \$100 cash bail pending a hearing. Two other men were charged with election day sale.

Police took the man to the police station for investigation but they were not charged.

Disputed Deferral Actions Set Pay Boosts for GC Council
City Atty. Allen, who began immediately to search his municipal law books.

During the interim, the council passed an ordinance to establish a 2.5% monthly pension allowance for all aldermen. Mayor Patrick commented that he was sorry he had to stop the 2.5% increase under the 2.5% pension allowance but he found it was against state law.

Alderman Patrick commented that he had never seen such a ruling by the mayor. Alderman Hanks said he had not found a law permitting an expense allowance for aldermen. The 2.5% pension allowance was the new state law that permits a pay increase for aldermen.

That was the first to criticize the 2.5% per meeting figure, noting it would cost the city an additional \$28,000 in pay applicable to 16 aldermen.

He added that the 200% increase was far above the government guideline of 3.5% set last year. "We're supposed to be civilized," other taxing agency boards, such as the park district and school district, are non-salaried." Thompson did not seek re-election and will be leaving the city next month. Several aldermen reminded him of this.

Support for the 2.5% per meeting salary was given by Alderman Hanks, who will not be eligible for re-election. "The people want good representation, and I think they're willing to pay for it. Why, I had a woman call me to tell me to set a snow storm. We do a lot of work for the people, and on being civic minded."

Nameoki Township Trims Town Fund Tax Levy \$16,000

Nameoki township, in its annual town meeting Tuesday night, cut its tax levy for town purposes by \$16,000 for the 1967-68 year and approved an overall town budget of \$183,488.

The total tax levy for all purposes — town fund, general assistance, road and bridge fund, permanent road fund and municipal retirement — amounted to \$186,488. Tax levies also were approved for the general assistance fund, the two road funds and the municipal retirement fund.

The meeting was in sharp contrast to that last year when nearly 300 persons jammed the township garage and a citizens' committee spearheaded an unsuccessful attempt to trim the budget. That meeting lasted more than four hours.

88 Electors Attend
Tuesday night the annual town meeting, in which electors have the opportunity to approve or amend budgets and appropriations and tax levies presented by Town Clerk John Karlechik were approved unanimously without discussion. The meeting lasted 30 minutes.

Electors approved a town fund appropriation of \$50,120 and were informed that because of cash balances in the town fund a levy of only \$34,120 would be needed to meet the projected expenditures. The lower levy will mean a reduction in the township tax rate next year, but the extent of the cut has not been computed.

The meeting also approved a general assistance fund tax levy of \$34,043 for an appropriation in the same amount, and a tax levy of \$8,925 for the highway department, also for a total appropriation in the same amount.

Total Budget Increased
This figure includes an appropriation and tax levy of \$40,325 for the road and bridge fund, \$32,000 for the permanent road fund, and \$2,500 for the highway department's municipal retirement fund.

The total appropriation of \$182,488 was an increase of \$4700 over the town fund appropriation originally drafted in early March. The additions resulted from action of the town board increasing the salary of the supervisor by \$1500 per year, and the addition of \$2500 to the assessors' appropriation to permit employment of an additional deputy assessor.

At a public hearing on the village Tuesday night, those in attendance voted to eliminate the \$1050 annual expense allowance for the supervisor and voted to permit the highway commissioner to retain a \$1000 annual expense allowance. The action was sustained at the annual town meeting Tuesday evening.

The electors also authorized the supervisor and town clerk to prepare the 1968-69 appropriation for presentation at next year's town meeting and adjourned until the first Tuesday in April, 1968.

U. S. Funds Lacking For Nameoki Sewers

There is little prospect of a federal grant for sewer construction in Nameoki township in the near future, according to word sent Nameoki's special Sewer Committee by the U. S. Department of Housing and Urban Development.

Michael Ropac, chairman of the committee which was set up last year to investigate potential federal grants for building a sanitary sewer system in Nameoki township, said he is planning to head a delegation of area citizens to Washington to discuss the project with HUD officials.

Ropac said Tuesday that the committee has filed an application for a half-and-half grant from HUD for a \$2 million dollar sewer construction program. He said the project application was accepted and the township has been assigned a project number. HUD officials said, however, that funds are not now available, and probably will not be available in the immediate future.

According to Ropac the present plan calls for a \$1 million grant from the government, with the balance of the cost financed through issuance of revenue bonds.

A sewer construction program proposed by township officials two years ago was abandoned when a proposed bond issue for financing was defeated in a referendum. The town board then appointed the special citizens' committee which since has been investigating feasibility of the project.

Ward noted that customers also may choose to pay their bills by mailing their payments in the return envelope provided along with their monthly statement.

He emphasized that customers should contact the business office at 2107 Edison avenue, Granite City, if they should need assistance. The business office can be reached by calling 422-9800.

Hickens' also is a bill payment center for water, gas and electricity.

The new service is a first for the telephone company in the Quad-Cities but there are similar arrangements in some other communities in the Southwestern Bell area.

Two in Street Fight Serving Jail Terms

Two of four youths arrested Sunday night as the result of a gang fight involving about 200 youth in North Venice were serving jail terms today after pleading guilty to charges of refusing to obey a police officer.

The other two paid fines of \$25 each, plus \$5 court costs.

Venice police arrested the four boys when they refused to leave the scene of a fight at Weaver and Jackson streets. Venice police called off-duty officers and for assistance from Madison police in quelling the disturbance.

Officers said the gang involved youngsters from the age of six to 20.

Nunley Napoleon, 19, of Douglas street, Venice, and Doug "Ribo" Johnson, 17, of 1130 Douglas street, began serving a six-day jail sentence Monday afternoon rather than pay the \$25 fine and \$5 costs, Venice police said.

The other two youths, Frederick A. Smith, 15, of 623 Meridocia street, and Roosevelt Mukes, 12 Jackson street, Madison, paid the fines, police said.

Levee Meeting Postponed

The regular monthly meeting of the East Side Levee & Sanitary District scheduled yesterday morning was postponed until next Wednesday at 10 a.m. The postponement resulted from lack of a quorum. Unable to attend the session were Board President Lawrence Tolst, East St. Louis; Trustee George Duff and Granite City Trustee Joseph Grant, who is ill.

Rep. Price upon introducing the measure said the present \$600 exemption the taxpayer is allowed "is not adequate and does not reflect accurately the increased cost of living."

He asserted the bill would also help the economy "at a time when key indicators suggest economic growth may be plateauing. Consumers would have more dollars to spend, save and invest if the exemption is raised."

Price has been sponsoring this legislation periodically since 1955 when he sought to have the exemption raised to \$700.

Deferral Dispute

Nonn can only go so far. I think the \$75 should go.

Amendment Offered.

Nonn offered to amend the ordinance to change the amount to \$50.

Fry questioned the policy of paying aldermen who notify the clerk in advance that they will be absent due to shift work, and a storm of protests followed.

Nonn said that Fry as a monthly-salaried man didn't have to worry, and he pointed out that aldermen are not paid extra for attending special council meetings. "With this pay (\$50) there would be no reason for an alderman to miss."

Last Term for Nonn?

"This is my final bout. 'I'm on my final stages as an alderman,' Nonn commented. 'Why we serve as the town board and also could get extra pay for that.' (At the annual town meeting Tuesday night, voters voted a \$10 per meeting salary for aldermen for the two-month town meetings that precede council sessions on the first and third Monday of each month.)

Alderman Boyd also let go at Fry. "This is a consistent prearranged gripe by Fry and

Bitten by Dog

Victoria Parker, 21, of 555 Filmore street, Venice, was bitten Tuesday on the left leg by a dog whose owner is unknown, according to police. Officers said the dog was confined for observation.

Challenges Deferral

"You can't defer an amendment," Nonn proclaimed.

Mayor Partney upheld the deferral, but when Nonn insisted on an appeal of the ruling, the mayor turned to City Atty. Allen.

Allen was given time to look through his law book at Nonn's request, and the council went on to approve the ordinance for the \$25 monthly expense allowances.

Allen replied that while the statutes were not too clear, he had doubts on the validity of the deferral of an amendment. When the mayor called for further clarification, the attorney agreed that with the ordinance having been submitted for adoption, the deferral came after an amendment had been offered and should not have been done until after the vote on the amendment, but before the final vote on the ordinance.

In the roll call vote on the amendment, those voting for the \$50 per meeting pay were Nonn, Whitmer, Basarich, Johnson, Boyd, Dallas, Moerlein, Parmley, Robertson, Poulos and Green. Opposed were Rutledge, Bartosiak, Sternberg, Thompson and Fry.

Nonn then called for suspension of rules and passage, and Fry, Helen Lipchik, Mrs. Theresa Daigler, and Mrs. Delores Klesh.

Unique Condominium
Type Project Now
Under Way at Arlington

Eight Family Apartment Buildings are now under way adjacent to Fairway Estates, Arlington Heights subdivision. Such features as sewers, concrete streets, new — old brick, cedar shingled mansard roofs and beautifully landscaped lawns will complement the "Old English" architectural theme.

The apartments, developed by John Sobol of the Bloodworth Agency, are being offered for sale to individuals interested in making sound real estate investment at a minimum initial cost.

With the purchase price of \$44,000 there will be carpeting throughout, including the kitchen, which will also include range, refrigerator, disposer and exhaust. Each apartment will have a 12x15 master bedroom, very large living room, ample closets, air conditioning and gas heat. Generous use of clay tile and wallpaper will be made in the bath and shower. Drapes, meditation wiring, built-in color TV antenna, black-topped off street parking and a "Country Club" atmosphere round out the host of luxurious appointments.

A down payment of \$2,000.00 is all that is needed to secure one of these sterling investments.

"Individuals, groups and families are showing a lot of interest even before we have a building ready for display," Sobol commented. "They realize that this is a rare opportunity to own and control a new apartment building that can't help but rise in value as time goes by. There is no offering quite like this in the area."

"We should have a completed and furnished display unit available for inspection by June 1st. Free leasing and management will be provided by the developer for the first year. With projected rentals of \$105.00 per month for each apartment in a 4 family building, and a payment of only \$220.00 per month, we'll be attracting a lot of smart investors," Sobol said.

Transactions in town property will be accepted, and any inquiries will be handled by John Sobol personally at TR 7-2565.

This man may sound like a pest. Accutron owners often do. It's hard to blame them. After all, the Accutron owner knows the time is not 4:32, but exactly 4:51 and 19 seconds. And he doesn't mind telling anyone. In fact, he enjoys it.

This enjoyment comes from a little tuning fork, which Bulova uses in the Accutron movement instead of a balance wheel. It splits every second into 360 parts, and the time you keep is so precise that it's guaranteed in writing.

Tolliver Named To Venice School Board Vacancy

Jack R. Tolliver, a Granite City Army Depot supervisor and the Venice city engineer, was appointed to the Venice school board Monday evening to complete the one-year unexpired term of Roy A. Musick, who resigned from the board last month.

Tolliver's appointment was voted by Board President Michael E. Lestherman, Secretary Fred Durrer and Board Members Leo Davinroy and Fred Rumpf. Absent from the meeting were John E. Gonterman and Elmer Taylor, who were reported out-of-town on assignments connected with their jobs.

A supervisor in the Army Depot's maintenance department for the past six years, Tolliver resides at 1250 Klein street with his wife, the former Evelyn Hartman. They are the parents of five sons, Jack, 19 years old, Tim, 15, Dick, 11, Jeff, 10, and Danny, nine, and one daughter, Mary Ann, six.

Tolliver, 41, a native of East St. Louis, attended Venice schools from the fourth grade through high school. For the past several years, he has coached the St. Mark's boys basketball team and also serves as committee chairman for Venice Boy Scout Troop One. He is a member of St. Mark's Catholic Church and the Holy Name Society.

Board Election Saturday
Approval of five judges to work in Saturday's school board election was given. Those retained were Mrs. Stella Lotius, Mrs. Annette Daniel, Mrs. Dorothy Buford, Mrs. Julia Buckle and Mrs. Bernice Jones.

Venice school district residents will elect two board members. Running without opposition are incumbents Fred Durrer, 601 Jefferson avenue, and John E. Gonterman, 1000 Third street.

A single polling place, located in the Venice grade school gymnasium, Seventh street and d Broadway, will be open from noon until 7 p.m. Saturday.

Board members agreed to hold a special meeting at 7:30 p.m. Monday to canvass the election returns.

Permission was granted by the board Monday for use of the Lincoln school gymnasium by the Quinn Mission A.M.E. Church choir to hold a social April 15 and the Lincoln P.T.A. to sponsor

JACK TOLLIVER

a father-son banquet at 7 p.m. April 28.

Approval was given to Venice Royal Neighbors to use the Venice school gymnasium Wednesday, June 7, for a district meeting. A request to hold a billiards exhibition in the school building June 24 was turned down.

Accident Insurance
The board agreed to retain school accident insurance with the Page Insurance Co. of Mount Vernon, following a report by Supt. Pier that previous claims were paid promptly and without difficulty.

School insurance rates will remain the same for the 1967-68 school year, he said.

He quoted rates for nine-month, in-school coverage for kindergarten through sixth grade students as \$2.50. Seventh through 12th grade pupils and the faculty members will pay \$3.50 for the same coverage period. Around-the-clock insurance may be secured for \$15 a year, the superintendent said.

Owens Leaving System
Board members accepted with regret the resignation of Norman E. Owens, high school chemistry teacher, who has accepted appointment as full-time pastor of the Macedonia Baptist Church in the East St. Louis. The resignation is effective at the close of the current school year.

Owens, who has participated in administration-teacher negotiations as a representative of American Federation of Teachers Local 968, has taught in the Venice school system 11 years.

Secretary Durrer reported forwarding of \$288 from the rebuilding fund totaled \$246, including \$650, withholding tax;

Other monthly financial reports listed disbursements of \$1088 from the revolving fund, leaving a balance of \$1168; and activity fund receipts of \$875 and expenditures of \$679, with a balance of \$3326.

Federal Aid Reduced
Supt. Pier said some reduction in special funding to school districts must be expected this year. He quoted state school authorities as reporting the Venice school district will be allocated \$80,000 in Title I funds, as compared to \$62,000 last year.

He also reported a drop of \$3 in Title II funds from \$1694 to \$1691, a probable 49¢ cut throughout the state in National Defense Education funds and a cut from \$1401 to \$1230 in money available to the district for guidance programs under Title IV.

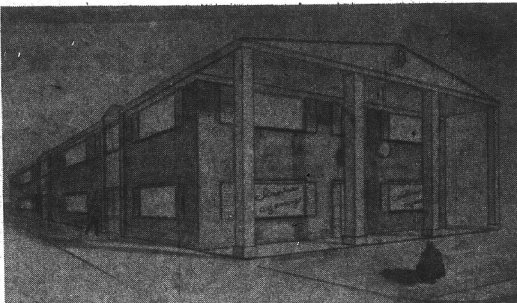

Supt. Pier said reimbursements to school districts under Title VI of the special education program are expected to be increased from \$3500 to \$5000 for each special teacher's salary and up to \$1500 in the salary of each teacher aide.

The board gave permission for discarded textbooks to be donated to St. Martin's school, Booneville, Mo., upon payment of shipping charges. The action was taken after a letter from the St. Martin's school superintendent was read, soliciting the donation for the school's enrichment program.

The letter noted that several books purchased by the Missouri parochial school at the St. Louis Goodwill Industries had contained the Venice public school mark. Pier said books donated to Goodwill were outdated and usually in poor condition.

March Bills
Monthly bills from the education fund approved for payment totaled \$20,805, including such items as: \$3726, teachers' retirement system; \$9163, withholding tax; \$1010, annuities, and \$296, group insurance, Metropolitan Life Insurance Co.; \$797, Edray Foods; \$421, J & J Meat Co.; \$541, Aro-Dressel Corp.; \$127, California Test Bureau, testing papers; \$870, Triangle Type-writers; \$834, Illinois Power Co.; \$198, Steele-Kunemann Agency, insurance for building and contents; \$189, Bi-State Transit System, special bus service for field trips; \$202, Berrien Bindery, re-binding books; and \$242, American Jet Spray Industry for sign making kit, with \$100 to be reimbursed by student council.

Payments approved from the rebuilding fund totaled \$246, including \$650, withholding tax;

GC Steel Officials Attend Atlanta Meet

Nicholas P. Veeder, chairman of the board and president of Granite City Steel Co., and John A. Leschen, vice-president for sales, were among 200 executives representing a cross-section of American industry who participated in a Conference on Pre-Engineered Construction in Atlanta, Ga.

The conference, attended primarily by those who make purchasing decisions for new plant and business facilities for some of the nation's largest corporations, was sponsored by Star Manufacturing Co., the nation's fourth largest manufacturer of pre-engineered steel buildings.

Participants took part in afternoon roundtable discussions at which ideas for future building needs and improvements were exchanged.

Lon Shealy, Star vice-president for sales, told the meeting that the population explosion, coupled with increased urbanization of the country and the need to stop wasteful "urban sprawl" would force a major rebuilding program in American in the next 30 years. He said the conference was the "first effort" toward bringing together the people most concerned with pre-engineered steel building design to consider new techniques in construction that would meet future building needs.

Newsprint Price Up Second Time in Year

The second increase in the price of newsprint in less than a year was announced this week by major newspaper manufacturers, including Abitibi Paper Sales, Ltd., supplier of the Press-Record.

The new increase of \$3 per ton, added to the previous raise of \$5, brings the price up to \$143 a ton. In explanation of the two raises, Abitibi pointed to higher labor costs and heavy capital expenditure.

1st-Place Baseball Warriors Win 3 Warrior Net Men Golfers Open MHS Tennis Squad

Recording three wins in as many games this week, Coach Joe Fedora's GCHS baseball Warriors have climbed to the top of the Southwestern Conference standings with a 4-0 league mark.

Aiding materially in attaining and defending their lofty perch was yesterday's convincing 6-0 victory at Edwardsville. The Tigers had been regarded as the conference powerhouse.

Each team will be in action twice in the 12-game league campaign.

Rains, Coakley Star

Pitching hero Wednesday was Don Rains, who struck out ten Tigers, walked only three and limited them to two hits, one each in the second and fourth innings.

Roger Coakley homered in the third inning and the lead grew to 3-0 in the fourth as Mike Dochwat singled, Carl Kacera doubled and Carl Benson drove in both with a single.

Coakley ran his runs-batted-in total for the game to four with a three-run home run in the seventh inning, his second circuit hit of the day.

Both teams fielded flawlessly. The Warriors garnered nine hits.

Shut Out Triad 4-0

The baseball Warriors notched their second victory of the week when they defeated Triad, 4-0, Tuesday in a road game scheduled to replace a cancelled match-

son-Granite City game. Madison athletic facilities are presently undergoing reconstruction and locker rooms were not finished in time for Tuesday's game.

Jeff Jones, sophomore, started on the mound for the first time this season and pitched a pre-scheduled four innings. He was relieved by Mike Hoy. Mike Dochwat caught for the Warriors.

GCHS jumped ahead with three runs in the first inning. A double by Paul Kacera brought in one run after a triple by Jim Stuart drove in two runs.

In the sixth inning, Steve Conway walked and stole second. Stuart walked, both advanced a base when the catcher missed a pitch, and Bob Johnson delivered an infield hit.

Granite City had five hits and no errors and Triad three hits and no errors.

Crush Maroons, 16-1

The Warriors baseball squad

scored a decisive victory over Belleville West 16-1 Monday at the Maroons' field. Belleville West managed to score only in the fifth inning.

Granite City scored single runs in the first and third innings, broke the game open with five runs in the fifth, and followed with three in the sixth inning and six runs in the seventh.

They got a few breaks, but it must have been Belleville's off day. They're really not that bad a ball team," Joe Fedora, Warrior baseball coach, told the Press-Record.

In the decisive fifth inning, two Warriors received bases on balls and Roger Coakley was hit by a pitch, loading the bases. Roger Belashe's sacrifice fly brought in one run, and Jeff Jones singled to bring two more across the plate.

Paul Kacera singled, leading the bases again. Bob Johnson coasted a walk, forcing in another run, and Bob James singled.

Sophomore Warrior Jim Beckner controlled the host team throughout the game, allowing only two hits, walking five and striking out six. He was two-for-three at the plate.

Jones was two for four and James three for four. Jones was credited with five RBIs, including a three-run homer to right field in the sixth inning.

Other highlights of the annual benefit game included presentation of a plaque to Richard Williams, head basketball coach, by members of the 1966-67 Coolidge conference championship team. Halftime activities featured comic boxing exhibitions and a demonstration of trampoline skills.

The Warrior net men move into first place in the Southwestern Conference after defeating Edwardsville Wednesday on Monday they notched their fourth victory stopping Belleville West 5-0 at the Maroon courts.

John VanBuskirk opened competition beating Brent Wohlford 9-7, 6-0 in the No. 1 singles match. Norman Pomaroff won the No. 2 singles by outpointing Greg Mudge 6-3, 6-4.

Bob Malotki defeated Tiger Mark Laaser 6-0, 6-2 in the No. 3 singles match.

Both Warrior doubles teams suffered their first defeat of the season.

Louis Mehl and Bill Harris lost to Tigers Jerry Knaplar and Louis Kotva 7-9, 3-6. Tom Green and Keith Nagy won the first set of the No. 2 doubles match 6-3, but lost the final two sets to Tigers Reed Overbeck and David Mindrup 1-6, 4-6.

BEVELLWEST MATCH

Warrior netmen recorded their fourth win by downing Belleville West 5-0 at the Maroon courts Monday.

John VanBuskirk and Norman Pomaroff stopped Belleville West players Phil Braswell and Jack Bolens by scores of 6-1, 6-0. Warrior Bob Malotki won 6-0, 6-0 over Peter Carlson in the No. 3 singles competition.

Louis Mehl and Bill Harris topped Maroons Mike Goldenbush and Carlos Fernandez 6-1, 6-1 in the first doubles match. Jim Carole and Keith Nagy then won the Warrior victory, defeating Mike Mattingly and Witt Reichert 6-3, 6-4.

Golfers Open MHS Tennis Squad

The Granite City Warrior golf squad opened its season victoriously this week, notching two wins.

The Warriors bettered Bethalto by 29 strokes at Clover Leaf, Alton, on Monday, finishing with 170 strokes to Bethalto's 199. At the Granite City Army Depot course Tuesday, the Warriors edged Alton 221-222.

At Clover Leaf, par 35, Tom Carmody, Dick Koxer and Mike Fuller had respectable 42 scores, with Chip Green following with 44 strokes. Green birdied the No. 9 hole and Carmody birdied No. 5.

A near par round was recorded by Green against Alton at the Depot course when he totaled 39 strokes for nine holes. Par is 36.

Tom Carmody finished with 44, Carmody 45, Koxer 46, Dan Jenkins 47 and Tom Schwager 49.

"It was fairly windy at the Depot and this greatly affected the play of the ball," Harry Lane, Warrior golf coach, told the Press-Record.

Trojan Runners Lose at Triad

The Madison Trojan track team had two first places, four second and six third, but lost in opening meet of the season Tuesday at Triad 32-27.

Second places were earned by Branch in the 100-yard dash, Oscar Hampton in the mile run, Duane Williams in the 440-yard dash and Terry Stawar in the shot put.

Trojans finishing third were Malone and Van Far, 120-yard hurdles; James Davis, 880-yard run; Keith Williams, discus throw; Ed Holmes, long jump; and Tom Carmody, pole vault.

a knowable God

Perhaps one of the most persistent beliefs about God is that there is a mystery about Him. The Bible, however, records many searches who found God to be very knowable, very close. Job said: "acquaint now thyself with him... thereby good shall come unto thee."

You are invited to consider some of the steps to take in getting to know God better by attending a lecture by Georgina Tennant, C.S.B., of The Christian Science Board of Lectureship. Her lecture, entitled "Meeting Today's Challenge with Christian Science," will explore how acquainting one's self with God meets all his human needs and brings peace and satisfaction into his life. Admission is free and all are welcome.

MORE ABOUT

Jarrett

was giving up the spot and did not become a candidate. Neither Earl "Toddy" Thompson, alderman of Ward Eight who has been the center of numerous controversies as chairman of the city council Personnel committee, charged with the duty of fixing salaries and schedules for city employees. Thompson tried unsuccessfully last year to obtain approval of a "percentage raise" schedule for most city workers.

Most political interest was directed to these two wards because the incumbents got out of the race. As a result, five candidates filed in the Seventh Ward and three sought the aldermanic spot in the Eighth.

Pashoff Is Beaten

Oddly enough Jarrett, the apparent winner in Ward Seven carried only two of the four precincts in that ward, but by substantial pluralities to edge out Pashoff, who had been considered the favorite, even though his work for the government kept him in Vietnam on election day.

Jarrett, a beauty supply company salesman, carried Precinct 14 of Ward Seven 178 to 68 for Pashoff, who was second high in that precinct. Other candidates ran far behind in Precinct 14, with Loy "Dale" Sken polling 24, Norman Alexander, 15, and R. Grad Krause, only five.

Krause, however, pulled out of the Seventh Ward race with an announcement he did not want to be elected.

The remaining precinct of Ward Seven—No. 26—went to Pashoff who received 71 votes to 49 for Jarrett, 33 for Sken, 18 for Alexander and nine for Krause.

Dawes Wins Easily

In the Eighth Ward, Dawes carried all four precincts for an easy victory. With three candidates in the field, Dawes beat his nearest opponent, Elliott, 83 to 24 in the 21st Precinct, with Schmidt receiving 13 votes; 139 to 97 for Elliott in Precinct 23 with Schmidt receiving 27; 90 to 47 for Elliott in Precinct 24, with Schmidt receiving 16, and 103 for Dawes to Elliott's 85 in Precinct 31, with Schmidt getting 58.

Moerlein was re-elected as alderman of Ward One by a plurality of only 49 votes. Moerlein carried two of the four precincts—No. 27 by a vote of 186 to 116 and Precinct 12 by 149 to 62. Mihu carried Precincts Three 102 to 83 and four by 117 to 77. Warfield received a total of 785 in the four precincts of Ward One, a total of 837 in Ward Seven and 875 in Ward Eight.

Whitner was an easy winner in Ward Two, carrying all three precincts by substantial pluralities. He defeated Sheehan 120 to 17 in Precinct Five, 149 to 88 in Precinct 11 and 181 to 94 in Precinct 13 for a total of 450 for Whitner and 159 for Sheehan.

Boyd 2 to 1 Winner

In Ward Three, incumbent alderman Clyde Boyd was a two-to-one winner over Andrew Gasparovic in five precincts. Boyd carried all five precincts as follows: Precinct One, 80 to 39; Precinct Two, 36 to 35; Precinct Six, 96 to 69; Precinct Seven, 152 to 58, and Precinct 15, 109 to 65 for totals of 463 for Boyd to 286 for Gasparovic.

Claude Green was re-elected in Ward Four, defeating William Harrison 667 to 349, as follows: Precinct Eight, 278 to 31; Precinct 16, 190 to 185; Precinct 22, 124 to 101, and Precinct 30, 75 to 32.

In Ward Five Nonn received 246 votes in Precinct 10 and 663 in Precinct 29 for a total of 909 votes.

Parley carried the largest majority of any candidate, defeating Walls, 788 to 186. Parley carried all four precincts of his ward—196 to 38 in Precinct 18; 108 to 21 in Precinct 20; 245 to 69 in Precinct 28, and 241 to 28 in Precinct 32.

Warfield's vote included total as follows: Ward One, 785; Ward Two, 595; Ward Three, 639; Ward Four, 721; Ward Five, 902; Ward Six, 835; Ward Seven, 637, and Ward Eight, 875, for a total of 6129.

gin he needed to win. He tied with Luebert in Precinct Three. Sharville, who has been an employee of the township highway department under Elbert for the past six years, also carried only one precinct. That was Precinct Four where he received 188 votes, a plurality of 49 votes over Estes with 109 votes and Farris, who also received 109 votes.

Farris placed third in the five-man race, polling a total of 385 votes in all four precincts. Luebert ran fourth with 145.

A bill to prohibit state universities from operating general merchandise stores was signed this week at Springfield by Gov. Kerner. It had been introduced by House Speaker Ralph T. Smith of Alton.

The bill is designed to prevent college and universities that receive tax funds from competing with private stores that pay taxes.

Last Sunday I had my first fresh asparagus for this season. Asparagus seems to be a real gastronomic sign of spring. The sight of these green stalks does wonders in removing the too long winter doldrums from my spirit. Although the horticulture facts tell me there are more than 120 varieties of asparagus, I know only two kinds, the green and white. The green asparagus is "grass" as the produce man call it is when we find on the vegetable counter. Select bright green stalks of asparagus that are straight and firm. Snap them for our skin. The tip should be full, but closed and the scales should press firmly against the stalk. Leave the stalks in the water until the asparagus is ready for the pot. Asparagus should be cooked until tender, but firm. Care must be taken to prevent overcooking. The best way to prepare it is by steaming. This can be done by placing the stalks upright in a deep sauce containing approximately two to three inches of boiling salted water. To keep the asparagus in this position the top can be tied together with a string. Cover the top to endorse the tips to steam. Asparagus should be served with a simple sauce to enhance rather than drown the delicate flavor of the vegetable. A tasty topping is the browned butter crumbs. 1/2 pound fresh asparagus spears cooked 1/2 pound butter 1/2 can fine dry bread crumbs 1/2 teaspoon lemon juice Melt butter in skillet and brown slightly. Add lemon juice and bread crumbs. Brown for a few minutes. Serve hot on hot asparagus spears. Server &

speaker, Charles Meyer, treasurer of Memorial Hospital at Belleville, that population trends show continued increase in demands for hospital services can be expected.

Harold R. Fischer, president of the First Granite City National Bank and advance gifts chairman, introduced C. E. Townsend, Press-Record editor and publisher and honorary chairman of the campaign, and the advance gifts chairman — A. P. Steinhilber, Randall Robertson and E. S. Schmitt. They, in turn, introduced their team chairmen.

As Gulley completed his talk, he presented the pledge card for Granite City Steel Co. to Townsend. The pledge, which initially was announced at the March 20 community dinner, was in the amount of \$180,000.

Mechanics of solicitation and the program of memorials designated in the new wing of the hospital were outlined for the 75 workers by Franklin H. Rich, associate campaign director and Frank E. Wheeler, campaign director.

Per Diem

the general assistance tax levy also materialized because of a large surplus in the relief fund.

Tax levies include \$38,380 for the town fund, \$36,880 for the relief fund and \$500 for the Illinois Municipal Retirement Fund for a total of \$180,748.

Appropriated for the relief fund was \$38,380, while the town fund budget was set at \$38,380 and the IMRF fund budget at \$500 for a total of \$180,748, as amended.

The budget, read by Schooley, is a decrease of \$7750 from that of the year before.

In other official business of the meeting, which lasted about an hour, a resolution was adopted authorizing the town attorney to prepare the next annual budget.

James Barton, township assessor, read the by-laws and Schooley read the annual financial report. Attorney William Beatty was elected as moderator to conduct the meeting.

The second annual "Clean-up, Fix-up, Paint-up" campaign for the Quad-Cities, May 7-21, will be publicized during the May 6 Shrine's parade with a decorated float.

Clean-up sub-committee chairmen will meet today to continue planning. Jesse, 1967 drive chairman, said letters already have been mailed to area industries seeking their cooperation.

Homemakers' check list are to be distributed to students. Other reports presented at Tuesday's session at the Rose Bowl included preparation of a statement of criteria by the Cityship Committee to assist voters in determining qualifications of aldermanic candidates.

Horsehoe Lake Development committee members are working with an SU-SW advisory group to prepare a visual presentation of development planning for the proposed recreation area.

\$71,000 Tax Levy Cut Approved By Venice Township

Because of sizeable cash balances in its various funds at the end of the fiscal year, Venice township slashed its 1967-68 tax levy Tuesday by \$71,000 below the appropriation for projected expenses during the year.

The new tax levy, totaling \$110,651, was approved in the annual town meeting held in the city hall at Venice at 2 p.m. Approximately 20 electors who attended the meeting also approved a new appropriation and budget bill totaling \$181,071.

New tax levy measures for the road and bridge fund, the town fund, general assistance fund and the municipal retirement fund were introduced after Town Clerk Thomas Foley presented annual reports showing a balance of \$16,915 in the general assistance fund at the end of the fiscal year.

March 28, a balance of \$30,200 in the town fund and a balance of \$429 in the road and bridge fund. The electors approved a new tax levy of only \$110,651 for the town fund, although the appropriation measure calls for 1967 expenditures estimated at \$55,880.

Also approved was a tax levy of \$70,000 for the general assistance fund, which is \$25,070 less than the budget figure of \$95,070.

The road and bridge fund tax levy of \$33,141 was in the full amount of the appropriation figure. Also levied in the full amount of the appropriation was the municipal retirement fund of \$750.

Expect More Taxes
Arthur "Cooper" Moore, township supervisor, pointed out that the difference between the amount of the tax levy and the appropriation figures includes not only the cash balances on hand in these funds, but also the amount of tax settlements still expected on 1965 tax collections.

Electors also approved a series of resolutions fixing salaries of township officials, all of which are unchanged except the salary of Frank Kimach, township highway commissioner. His salary was raised in a March 28 public hearing from \$3000 to \$3800.

One resolution authorized the supervisor to appoint the township attorney for the new fiscal year and another authorized the supervisor to extend the 1968-69 appropriation bill which will be presented at the next annual

Dr. G. E. Halyama Honored On Golden Anniversary

At a dinner dance given by the Madison County Medical Society in Alton Tuesday evening, Dr. G. E. Halyama was honored with a citation on the 50th anniversary of his medical practice.

Dr. Halyama, who was born in Austria, was brought to the United States at the age of three. He and his parents lived in Pennsylvania where he attended the University of Pennsylvania in Pittsburgh.

He graduated from Loyola Medical school in Chicago in 1917 and interned at Columbus Hospital in that city. He was engaged in industrial practice in West Virginia until 1920, when he and his wife, whom he married in 1928, settled in Granite City.

The doctor has been in active practice, including industrial medicine, since then and has served as physician for the General Steel Industries for 16 years. His office is at 1233a Niedringhaus avenue.

Dr. and Mrs. Halyama have two children. Eugene is an architectural engineer employed by Sverdrup & Parcel. Mrs. Edith Starkey, the daughter, is married to a sports editor and lives in Roanoke, Va.

The citation was presented to

Two Dogs Poisoned; \$50 Reward Offered

Richard W. Jones, 2728 Iowa street, offered a \$50 reward today for information leading to the identity of the person who tossed poisoned meat over his fence, killing one of his three dogs and placed another in the care of a veterinarian.

Jones, who said he only recently moved to Granite City from New York, said his German Shepherd dog and his Irish Setter, both thoroughbreds, came into the house last night, both apparently critically ill.

He said the Shepherd dog died within a few minutes. He rushed the Setter to a veterinarian. The third family dog, a Pekinese, is not allowed out of the house and therefore did not get any of the poisoned meat.

Jones said he found pieces of hamburger in his yard, within the fence and found capsules of some chemical inside the meat. The veterinarian is making an analysis of the contents of the capsules, he said. The Shepherd, which died, was eight years old. The Irish Setter, in critical condition, is a pup, nine months old.

DR. HALYAMA

Dr. Halyama by Dr. M. Pfeifferberger, a member of the board of trustees of the Illinois Medical Society, following the dinner. Dr. Mathew Eisele, president of the St. Clair County Medical Society, was a guest at the meeting Tuesday. Dr. Felicia D. Koch is president of the Madison County Medical Society.

PARKINSON'S DISEASE IS NOT HEREDITARY

About one out of every one hundred peo-
ple is affected by Parkinsonism. Because the
chief cause is believed to be a decrease in the
blood supply to the brain, a result of harden-
ing of the arteries, their numbers will in-
crease as people learn how to live longer.

Early symptoms are a tremor of one
hand. Hand and foot movements slow up.
Writing is more difficult. The mind is not af-
fected. We have several different relaxant
drugs which require a prescription. Early di-
agnosis and treatment is often effective in
preventing more serious symptoms. But a physi-
cian must be consulted soon and regularly.

YOUR DOCTOR CAN PHONE US when
you need medicine. Pick up your prescrip-
tion if shopping nearby. A great many people
entrust us with their prescriptions. May we
compound and dispense yours?

we care

A&P

we never "run out" on a sale!

We never advertise a special sale item unless we have an ample supply.
Once in a great while, the special is more popular than we imagined.
So occasionally, we do run out of the item.

But we never "run out" on a sale.
If the item is sold out, just ask the manager for a "RAIN CHECK".

The A&P Rain Check

An A&P Rain Check is a certificate that entitles you to buy the item
at the same special price, the following week.

We think that's the fair thing to do. We think that shows "WE CARE".
Not every store can care that much. A&P can... and does.
Shouldn't A&P be your store?

Rev. Theo. Fryntzko To be Ordained By Most Rev. John

Rev. Theodore Fryntzko, son of the late Dimitry and Pelagia Fryntzko of Madison, will be ordained to the priesthood of the Russian Orthodox Church at 9 a.m. Friday at the Nativity of the Blessed Virgin Mary Orthodox Church in Madison.

He was ordained as a deacon yesterday at the Holy Trinity Russian Orthodox Cathedral in Chicago.

His Eminence, the Most Rev. John, Archbishop of Chicago and the Midwest, will execute the ceremony of the laying-on of the hands on Friday. He officiated at the liturgical celebration yesterday.

Clergy from the Greater Chicago, Minneapolis and Indiana dioceses, including those from St. Louis, are participating in both services.

Vespers Tonight

A vesper service and tea will be held at 7 p.m. today in honor of Bishop John at the parish hall. The new priest will be honored at a luncheon immediately following the ordination ceremonies in the parish hall.

After his ordination, Rev. Fryntzko will return to Chicago where he has been assigned as a pastor at the cathedral.

The candidate for the priesthood received his bachelor of science degree from Columbia University, New York, and his diploma of graduate studies in Orthodox theology at St. Vladimir's Seminary in New York. His seminary dissertation was entitled "The Daily Cycle of Worship in the Orthodox Church."

While attending college, Rev. Fryntzko was president of the Orthodox Christian Fellowship at Columbia and was student assistant at the seminary chapel.

Attended Local Schools
Rev. Fryntzko, who attended local schools, is one of six brothers, all of whom are former Press-Record carriers. He spent three years in the U. S. Navy and was formerly employed by General Steel Industries.

After completing his college and theological education, he worked for various church-affiliated organizations. For a number of years he was religious education director at St. Peter & Paul Church in Syracuse, N. Y., and assisted the Orthodox chaplain at Syracuse University in working with the Christian Fellowship.

He also worked as assistant camp director at St. Andrew's Orthodox camp, Lake Onondaga, N. Y., for several summers. As special lecturer on Sunday School curriculum materials, he traveled through the U. S. giving lectures at conferences for Sunday School

Chouteau Cuts Town Tax Levies \$17,000

Tax levies in amounts reduced \$17,489 below appropriations were approved by Chouteau township electors for the town fund and general assistance fund in the annual town meeting at 2 p.m. Tuesday in the town hall on Old Alton Road.

The 15 electors attending the meeting approved a town fund levy of \$18,000, for an appropriation of \$24,270, and a general assistance fund levy of \$10,600 for an appropriation of \$21,810. Balances in the two funds permitted reduction of the levies below the amount of projected expenditures for the 1967-68 fiscal year.

Approval of levies for the road and bridge and permanent road funds was delayed, however. The appropriation for these funds totals \$37,700. Town Atty. Donald Buckley said action was held up because of the election of a new township highway commissioner who should be permitted to fix his own budget.

4 Persons Injured In Traffic Mishaps

Two motorists received minor injuries when their cars collided at Fourth street and Broadway in Venice at 8:40 p.m. yesterday. Arthur Singleton, 34, Loyola, and Gray Trice, 71, St. Louis, were treated at St. Elizabeth Hospital. Singleton had a superficial head cut and Trice was shaken up.

Two persons were injured in Madison at 11:15 a.m. Tuesday when a car driven by Morris Kraus, St. Louis, crashed into a tree stump at Second street and McCambridge avenue. Madison police said Kraus received minor cuts to his forehead. Mrs. Frances Kraus, 62, a passenger in the car was treated for cuts at St. Elizabeth Hospital and released to her family doctor. Police said Kraus was headed north on McCambridge at Second street and lost control of his car when another auto cut in front of him.

Teachers, as a service of the Orthodox Charitable and Educational Foundation.

Seminary Assistant
Most recently he was an assistant to the provost at St. Vladimir's Seminary. He also has spent some time working with the Illinois Youth Commission as Training School for boys.

During world war two he was a naval air cadet.

A luncheon for clergy, relatives and friends after the ordination will be hosted by Rev. Fryntzko's brothers and sister and their spouses: Mr. and Mrs. Vasil Fryntzko, Mr. and Mrs. John Fryntzko, Mr. and Mrs. Andrew Fryntzko, Mr. and Mrs. Harry Fryntzko, Mr. and Mrs. Vladimir Fryntzko and Mrs. and Mr. Anthony Simurda, all of Granite City.

Special Census For GC Approved By City Council

Granite City will proceed with requesting a special census, by the federal government—but not until after May 1.

The council voted Monday night to request the special census with the hope that it will be carried out on a block-by-block basis so that redistricting can be carried out by the December 1968 deadline specified in a recent circuit court order that is now under appeal.

Also, the May 1 date was needed since there are no funds in the current year's budget to finance the \$3000-\$3500 census. The city's new fiscal year starts May 1.

Aldermen were not too concerned over the May 1 date, commenting that red tape should delay the start of any special census, and time will be needed to hire counters.

Objections to the census were voted by Moerlein and Bartosik. All the others voted approval. Several stated that with all the seven-eight ward challenges hurled at the city in recent weeks, the city owes it to the people to determine the actual population as quickly as possible.

Some expressed hope the city would top 50,000 so it would qualify for eight wards. Others said the city didn't have a ghost

State Rules of the Road Driver's Manual Updated

A completely revised "Rules of the Road," Illinois driver's manual will be distributed with new car purchases and at driver license examining stations, it was announced today by Paul Powell, secretary of state.

The first revision of the booklet since 1954 contains, in addition to former "Rules of the Road," new sections covering motor vehicle registration, motorcycling and the medical aspects of driving. Highway signs and traffic

of a chance to go that high at present.

"We've no legal right to do this," Moerlein commented, adding that the city has no funds appropriated and that the special count is being done for one purpose—"to save two aldermen."

Bartosik said he thought the census was premature, since redistricting was not needed until December 1968. "And we don't know how the Appellate Court will rule," he added.

The discussion also included monetary gains in state motor fuel tax funds with more population, and the possible loss of \$120,000 to \$150,000 of tax collection commissions if the population tops 50,000 and the collection chore goes to the county rather than the local township tax collector.

\$8404 Bill List Includes \$2573 For Lighting

A bill list totaling \$8404 and a half-month payroll amounting to \$45,667 were approved Monday night by Granite City council members.

Largest item on the bill list was a \$2573 payment to Illinois Power Co. for street lighting during March.

Although a \$1767 payment to Tri-City Printing Co. for 1000 legislative books printed over two years ago had been approved last week, it was included on the new bill list. Alderman Bartosik called for a separation "so I can express my opposition," and the council then proceeded to approve the payment again.

Also on the bill list was payment of \$300 to Arthur Ringering for fertilizing and seeding the Quiet Park in East Granite.

Alderman Sternberg objected to an \$80 bill for repairs to a chain saw, but did not call for a separation. He commented that repair costs were exceeding replacement cost.

Gasoline Contract
In other action, the council accepted bids from Mobil Oil Co. to furnish gasoline for city vehicles at the rates of 13.48 cents per gallon for regular gas and 17.6 cents for premium gas.

Sternberg pointed out that while Belleville received a lower

bid for gasoline, the firms are classed in a "different competitive climate." He added that Granite City can strive to get into the "climate" next year.

The contract for servicing city vehicles was awarded to Martin Sparks of Sparks' Service Station, Nindringhaus avenue and Cleveland blvd.

Council approval was given for a frame to be built at a cost of \$184 for a zoning and land use map prepared for the city inspector's office by Southwestern Illinois Metropolitan Area Plan Commission. The low bid was by

REV. DR. E. M. DYCUS

Rev. Dr. E. M. Dycus To Speak Here Sunday

Rev. Dr. Ernest M. Dycus, a former minister at Niedringhaus Memorial Methodist Church here, will be the speaker at the 10:45 a.m. service Sunday at Nameoki Methodist Church, Rev. Frank C. Pierce, pastor, has announced. His subject will be "Inasmuch."

Dr. Dycus will talk of the Biblical background for caring for the aging and will give a report on some of the things the Methodist Church is doing, especially about the Home at Lawrenceville.

Dr. Dycus became administrator at the Home in 1963. An expansion program, including an 80-bed nursing center, dining facility, and an administrative center is under way. The present building houses 131 people, and it will become a retirement home for residents.

Twenty-four nurses, including six registered, work around the clock in caring for the 30 in the Health Center. The Methodist Home was recently accepted as a Medicare center; therefore, people returning from the hospital may spend 100 days in the Home for special care with the help of Medicare.

Before going to the Methodist Home, Dr. Dycus served as pastor of Niedringhaus Memorial Methodist Church from 1948-1952. During this period the Niedringhaus church sponsored the beginning of the Nameoki Church and Dr. Dycus was its first pastor. Seventy-three members from Niedringhaus church were a part of the nucleus that started the church with over 100 members. Dr. Dycus was District Superintendent of the East St. Louis district from 1952 until 1959.

Need for Bloodmobile Aides; Class Tomorrow

There is an urgent need for more women to serve on Red Cross bloodmobiles in the Quad-Cities. Chapter chairman Jack Absalom pointed out today. "The important duties, which can be performed by volunteers, make it possible to accommodate more blood donors more efficiently and quickly in providing necessary blood for hospitalized patients," he commented.

"The volunteer becomes a member of the team composed of the doctor, nurses and Red Cross aides. A brief training session will be provided for new volunteers by the Red Cross between 8:30 a.m. and 3:30 p.m. this Friday, April 7, at the civil defense building, 1411 Nineteenth street."

It is being suggested that those who attend bring a sandwich for the luncheon interval. To register for the class, applicants may telephone Mrs. Ruby Overbeck, Red Cross executive secretary, GL 2-7184, before 5 o'clock tonight, or they may come directly to the class at 8:30 tomorrow.

The volunteer registers donors, takes temperatures, assists nurses in the donor room, and serves refreshments to the donor following his blood donation. It is the representative of the community and hostess on bloodmobile visits in her area.

Red Cross bloodmobiles visit here about 15 times a year at such locations as Laclede Steel Co., General Steel Industries, A. O. Smith Corp., and the Granite City Army Depot.

Big Tax Collection in GC? Treasurer Wants More Room

Expanded duties for City Treasurer E. R. "Pat" Rich has resulted in the need for more office space — especially since the annual tax collection season starts about mid-June.

Council action was started Monday night to provide the added space, and authorization was given a call for bids to build a partition in the old council meeting room on the second floor.

Alderman Bartosik, chairman of the City Buildings Committee, said the job could be done for about \$5000 to \$6000 to divide the large room and provide added court room facilities for the magistrate and also provide adequate office space for the comptroller's office.

The treasurer, who presently shares space with the city clerk, would move into the offices now occupied by the comptroller and would still maintain some of his supplies in the clerk's office.

The two offices are connected by a walkway over the front stairway of the city hall building. The need to move the comptroller rather than the treasurer into the old council room is necessitated because the comptroller office has a vault which will be needed by the treasurer.

The expanded duties of the treasurer now are to collect sewer rental and sewage treatment fees, and with tax collections due in two months, the added space is needed to accommodate the file equipment, books and staff.

Start of the renovation is to be delayed until after the start of the city's new fiscal year, May 1, since the funds were not in the 1966-67 appropriation ordinance.

Approval was given a bid of \$997 by Amco Plumbing Co. to install a 500-gallon surge tank at the city hall to equalize water pressure in the building. The tank will be placed in the police department garage. The only other magistrate's court on a reckles conduct charge filed by William Wells.

Citizen Sewer Group To Meet next Tuesday

A second meeting of the citizens' group to aid the city in the May 6 bond issue election for city-wide sewer and drainage construction will be held 7:30 p.m. next Tuesday in the city hall. It was announced during Monday night's Granite City council session by Alderman Sternberg, chairman of the Special Sewer committee.

Further details will be outlined for the \$8,000,000 bond issued to finance a long-range \$14,000,000 sewer program.

Sternberg said ordinances for the special bond vote and bond issue should be ready for council approval at the April 17 meeting.

Tax Payments Need To be Identified

Each year the Internal Revenue Service receives many tax payments from Illinois taxpayers that cannot be credited to the proper account.

These payments are placed in a special account until they can be properly identified, Jay G. Philpott, district director of Internal Revenue for central and southern Illinois, said. This takes time and requires additional clerical help which could be used for other operations.

"Checks or money orders submitted in payment of taxes should be attached to the bill or notice received. If a bill or notice was not received, a note should be enclosed stating what the payment is for, the year, the type of tax, and the type of tax correct social security number," the director said.

Philpott had another word of advice: "Keep money order stubs or cancelled checks in case you are requested to verify any tax payments."

Current bills approved Monday night amounted to \$1588 for the town fund and \$4525 for relief.

Kite-Flying Rules

for a Safe Spring

Any day of the year is good kite-flying weather in Illinois. But it's those first warm days of Spring when a boy just naturally wants to get outdoors and fly his kite. And who can blame him after spending so much time indoors during our winter months?

But kite flying can be dangerous. To avoid these dangers, Illinois Power suggests the following safety rules:

1. Use dry string, wood and paper in your kite —not wire or metal.
2. Fly your kite on days when there is no rain.
3. Avoid busy streets and highways while flying your kite.
4. Fly your kite away from electric power lines or radio and TV aeriels.
5. Always keep away from fallen wires.
6. Call Illinois Power Company if your kite gets snagged in a power line. Do not pull the string or climb a power pole.

New Catalog of Grad Work at SIU Available

With graduate studies on the rise at Carbondale's Southern Illinois University—3779 students enrolled during the winter quarter, a 10% gain in one year—a new graduate school catalog for 1967-68 is likely to have a brisk demand.

In addition to the essential information a prospective graduate student needs, the catalog concisely illuminates the role of the graduate school in terms of the interested layman can understand.

The primary concern of the graduate school is the basic and in all sectors of the university. The graduate school therefore plays an essential role in the development of instructional and research programs, in the acquisition of funds, and in the procurement of facilities necessary

SIU Engineers Working On Igloo for Space

Engineers at Southern Illinois University plan to begin tests soon on a tubular igloo that may fill the bill for housing in space. Experiments will center on an SIU-designed structural system employing lightweight tubular members assembled in telescopic fashion. Fluid can be pumped into the tubes to erect the structure.

William Orthwein, in charge of the project under a National Aeronautics and Space Administration grant, said the igloo could be telescoped down to a small package for transport in space.

"It appears," said Orthwein, "that liquid will provide internal support to keep the tubes from collapsing. A tendency to collapse has always been a basic failure of thin tubular structures."

R. Buckminster Fuller, inventor of the geodesic dome and research professor of design at SIU, is a consultant on the project. He has proposed using the same system for "Erector set" assembling of domes.

"Although such structures would have their greatest utility in outer space," Orthwein said,

Keep looking back, Sam, and you may never buy a home.

Look ahead and you'll see a remarkable investment. IT'S A GOOD DAY FOR BUYING A HOME.

Once upon a time, Sam Shoulduv had the chance to buy a nice home for \$4,000. But Sam decided to postpone buying a home so he could buy a new car and a few other things first.

Then the price of the home went up to \$5,000, and Sam decided to wait longer... until home prices came down again.

What was the matter with Sam? Didn't he realize that many years later, in 1966, the equivalent of that \$4,000 (or \$5,000)

home would be worth \$20,000 or more?

No, Sam didn't realize that home prices would continue to go up. He's still looking back. Today he kicks himself for not buying a \$20,000 home four years ago when it cost less. And still Sam waits.

Doesn't Sam know that today's \$20,000 home is expected to be worth \$23,000 in 1969?

Look ahead, Sam. It's a good day for buying a home.

It's a good day for buying a home

GC Has Primary Contest in Saturday School Vote

Madison Expecting Light Vote in School Balloting

Three incumbent board members are the only candidates in Saturday's school election in Madison school district 12.

As in neighboring Venice, where incumbents also are running without opposition, Madison expects a light vote.

Incumbent candidates seeking re-election are John Bellcoff, now board president; Harold Pisk and Chester McManaway.

Lack Opposition In Venice School Board Election

A light vote is anticipated Saturday in the election of two school board members in Venice. Only the incumbents are seeking re-election.

Running without opposition are Fred Durer Jr., and John Gonterman.

School Board Candidate Questions

Eight questions were asked each candidate who is seeking election to Quad-City school board posts in the April 8 elections. Their answers are included at the end of each biographical sketch:

The questions:

1. Do you favor competitive bidding on all purchases?
2. Do you favor reimbursement of actual, listed expenses, rather than fixed expense allowances?
3. Do you favor a "pay as you go" policy rather than borrowing to meet operating costs?
4. Do you favor lowest possible secretary and treasurer pay so that the two positions do not become patronage prizes?
5. Should the board set school policies and not allow others to set them?
6. Do you favor optional year-around school (staggered quarterly vacations) without loss of State aid?
7. What improvements do you propose for the schools?
8. Do you favor the board handling administrative duties?

CHESTER, McMANAWAY

Chester L. McManaway, 51, of 1681 Second street, Madison, is seeking re-election to his fifth three-year term as a member of the Madison school district board.

McManaway was born in Venice and is a lifelong resident of the Quad-City area. He operates a general insurance and real estate business in Madison and formerly was associated with Metropolitan Life Insurance Co.

He also worked as a conductor for the Illinois Terminal Railroad and as a truck driver for the Hayes Freight Lines.

He was educated in Madison grade school, Madison high school and Southern Illinois University. He is a member of the First Baptist Church of Madison.

JOHN BELLCOFF

John Bellcoff, 44, is seeking election to his sixth three-year term as a member of the Madison school board. Bellcoff has been a member of the board for 15 years and has been president of the board much of that time.

He lives at 1019 Grand avenue, Madison, and operates Bellcoff's grocery. He is a graduate of Madison high school and attended Washington University. He is a veteran of world war II, is a member of the Tri-City Regional Post District and is assistant chief of the Madison Fire Department. He served four years as a member of the Madison county board of review.

Bellcoff is a member of the Holy Trinity Bulgarian Orthodox Church, a member of Granite City Masonic Lodge 877, White Shrine, Scottish Rite, Shriners, the DeMolay Legion of Honor, Precinctory and a member of the board of Chokoma Mounds Boy Scout Council.

He also belongs to the Lions Club, the American Legion and is a Granite City DeMolay advisor.

He said he seeks re-election because "I enjoy assisting in the development of a constantly improving educational program."

Bellcoff is married and has two children.

His answers to the questions are:

1. Yes.
2. Yes, this is the best way to handle them.
3. This is the way we have always done. I feel it would be a mistake to do it any other way.
4. I don't favor big pay, but I believe a person should be paid commensurate with the work done.
5. I think the board should set policies, but a board is limited to a great degree by state laws which outline many policies.
6. We have outgrown the old summer vacation program and should move into a more modern program, especially since schools could be air conditioned and the millions of dollars in building would not set idle for a three-month period.
7. We are in the process of enlarging the high school and now are going to have to go to the junior high on Third street.
8. A school system should operate on a chain of command basis, and those on a lower level should keep those on a higher level informed.

Nearly 1000 Votes In Venice Twp.

Nearly 1000 voters went to the polls in Venice township Tuesday to re-elect Claude Echols as assistant supervisor and Kimach as highway commissioner.

Echols and Kimach, both incumbents, ran without opposition. Echols received 800 votes and Kimach 802. The total vote was 804.

Of the 11 township precincts, the votes for Echols in precinct numerical order were—112, 124, 61, 89, 54, 113, 64, 83, 126, 15 and 61. For Kimach the votes were—128, 61, 89, 54, 109, 64, 83, 126, 15, 61.

HAROLD PISK

Harold Pisk, 48, of 1124 Iowa street, Madison, is seeking election to his second three-year term as a member of the Madison school district board.

Pisk is a contractor. He is a member of Granite City Steel Co., where he has been employed since 1937.

He attended elementary schools in Venice and high schools at Madison. He is a vice-president of Local 30 of the United Steelworkers. He is a member of the Presbyterian Church and a member of Masonic Lodge 877 in Granite City.

He said he is seeking re-election because "I enjoy working for children who are the backbone of our country. . . I feel I can and have made a contribution to their benefit and I can continue to do so."

Pisk is married and has four children.

His answers to the questions are:

1. Yes.
2. Yes.
3. Our situation in Madison does not require consideration of this problem at the present time. We will meet the problem when necessary.
4. Yes.
5. Yes.
6. No. We hire a man to handle administrative duties.

FRED DURER, JR.

Fred Durer Jr., incumbent member of the school board of Venice school District No. Three, is 38 and lives at 801 Jefferson avenue, Venice. He is seeking re-election and has no opposition.

Durer is a native of Venice and has lived in the community all of his life. He is employed as an agent of the Metropolitan Insurance Co. and formerly worked as a meat cutter. He was educated in Venice schools and is a high school graduate.

He is a member of St. Mark's Catholic Church in Venice. He is a member of Council 1088 of the Knights of Columbus, and a member of St. Mark's Holy Name Society.

Durer also belongs to the Venice Civic Organization, the Venice Homecoming Organization, Venice Crippled Children's Organization and Venice-Madison Legion Post 307. He has held no other public office.

He said that in seeking re-election he hopes "to provide the best education possible for every child living in the school district regardless of race or creed."

He is married and has four children.

In his answers to the questions:

1. Definitely.
2. Actual expenses.
3. Yes, if at all possible.
4. In Venice, the secretaries duties rotate to all board members. I believe the present school treasurer does a good job and is available at all times.
5. No, definitely.
6. No. I have talked with many Venice residents and have found most people could not schedule their vacations to conform to year-around school. I believe that school buildings should be used on a year-around basis for various educational or recreational activities, but not for formal year-around school.
7. I think one of the biggest improvements recently took place when we hired an assistant superintendent of schools. We have to seriously consider the possibility of constructing a new high school. We constantly are striving to improve our curriculum and last year hired a new art teacher, the first one in the school system in the past 15 years. We also are scheduling a greater variety of courses.
8. The administrator should handle all administrative duties.

Harris is married and has two daughters and one son.

In answer to the questions, Harris responded:

2. Yes.
3. It would be preferable, but it depends upon the situation.

As much as we preach and advocate physical fitness, many children are hauled to school for comparative short distances, while some, living further out, have no bus service. I'd like to see the bus service equalized and operated more effectively and efficiently. As a union man, I believe in seniority, but I think that education background, experience and seniority should be the factors in determining teachers' salaries.
- 8. The school administrators should handle these duties. However, the board should see that this is done properly.

5. If absolutely necessary and it could be accomplished, yes. However, there are too many things at this time to give an unqualified yes answer. Year-around school would be very hard on parents, especially those families with three or four children attending different schools.
6. Keep up with all aspects of modern education. Look over new methods of teaching and teaching aids. Better facilities if we can possibly afford them and make them available to all.
7. Our first objective is to take the lead off our overburdened facilities. A building program should be first.

GC School District Voters To Elect Three to Board

Voters of the Granite City school district will elect three members of the board of education in balloting Saturday—two for regular three-year terms and one to fill the one remaining year of an unexpired term. Six candidates are in the field.

The contest will center on only two of the board posts, however, since William L. Harris, incumbent member filling the unexpired year by appointment is the only candidate to specify his candidacy for the remaining one year. As a result, Harris will be elected to this post without opposition.

The five candidates running for the two regular terms include Dr. E. W. Walton, incumbent board secretary; Carl Macios, also incumbent; Morris Miles; Henry J. Beadle, and John C. Lakin.

Dr. Eugene Walton, 51, of 57 Janday lane, is seeking re-election to his second three-year term as a member of the Board of Education of Granite City District 9. He now is secretary of the board.

Dr. Walton was born in Ridgeway, Ill., and has lived in the Granite City area for 23 years. He is a chiropractic physician. He served four years in the U.S. Navy and formerly worked as staff manager of the Metropolitan Insurance Co.

Dr. Walton is a graduate of Ridgeway high school, a graduate of Chillicothe College and received his doctor's degree at Missouri College. He is a past member of the Toastmasters International and was Toastmaster Speaker of the Year in St. Louis in 1959.

He is a member of the board of directors of the local YMCA and is a member of the coordinating committee.

Dr. Walton said he is seeking re-election because "being a member of the board now I realize there is no public office more important to the community than being a member of the Board of Education. I believe with my background that I can be of service to the Board of Education."

Dr. Walton is married and has five children.

Dr. Walton, in answer to the questions said:

1. Yes.
2. Yes.
3. Wherever practical.
4. Yes.
5. Yes. The board must set school policies at all times.
6. This is a very thought-provoking question. I admit that utilizing school buildings 12 months a year appears the most practical idea. But there is a question of the parents involved that has to be given a lot of consideration. If students are forced to take their vacations at varied intervals, the public as a whole must be in favor of a year-around school program, otherwise it may cause much confusion and a great deal of ill-will.
7. We are constantly upgrading our teaching program. Innovations such as the ungraded classes at Parkway school which have drawn national attention. As far as buildings, all our schools are bursting at the seams and before too long it will be necessary to start thinking of a bond issue to alleviate this question. At the present time, we are utilizing makeshift classrooms such as the portable classrooms at elementary schools. This all we can do at the moment with the amount of funds available. I believe some terrific advancements currently are being made in our school system.
8. No. We set policy and the school administrators must carry out that policy.

2. Yes.- 3. Only from the standpoint of keeping them from becoming patronage prizes.

The expanded one-way street proposal on which the city council last week when submitted to the Granite City Council by Alderman Bartosik was approved by a vote of 11-0 Monday night.

During last week's debate, it was noted the system had not been endorsed by the Citizens' Traffic Study Commission, that has recommended a reversal of traffic direction on Benton street and also on Grand avenue to give more access to the downtown district.

The new system would extend the present one-way streets without any change in direction and would add State and Iowa streets.

Streets Involved
Benton street is to be northbound from 26th to 27th street.

Cleveland blvd., southbound from 27th to 28th.

Edison avenue, northbound from 18th to 27th.

State street, southbound from 27th to Niedringhaus avenue.

Grand avenue, northbound from 18th to 27th.

Iowa street, northbound from 26th to Nannetti road.

Washington avenue, southbound from 22nd to 26th.

Most one-way streets now end at 24th street.

Voting for the new system were Aldermen Nann, Whitmer, Basarich, Bartosik, Johnson, Thompson and Fry.

2% of New Tax Returns Have Arithmetic Errors

Mistakes in arithmetic are showing up more frequently than any other type of taxpayer error on 1966 federal income tax returns.

Jay G. Philpott, district director, says that of the 2,883,000 returns filed so far this year by Illinois taxpayers and those in the seven other states in the Internal Revenue midwest region, a total of 49,542 contained errors in addition or subtraction.

Such errors can delay the issuing of refunds when tax returns are checked for mathematical accuracy by computers at the IRS Service Center in Kansas City. When an arithmetic error is discovered that changes the tax liability, the correction is made and a notice explaining the change is sent to the taxpayer.

Illinois taxpayers should double-check their arithmetic before sending in their tax returns, Philpott said. "Errors are expensive to process and cause delay and inconvenience for taxpayers."

One of the major reasons for delay in issuing refunds is failure to include the correct Social Security number on the return. As of last week, Philpott reports 59,454 of the returns filed this year by taxpayers in the midwest had incorrect or missing Social Security numbers.

The returns included 14,833 without the signatures of husband or wife or both. These will have to be sent back for signatures.

Returns filed without the required W-2 from employers or lacking other schedules so far total 7045. And returns where taxpayers have used the wrong tax table total 30,548.

As of last week, the center in Kansas City has processed 212,329 refunds of Springfield, Ill. District taxpayers for a total of \$28,575,572.

Another traffic control ordinance that was adopted recently to establish a four-way stop at West 22nd street and Ohio avenue was vetoed by Mayor Partney, but the council overrode the veto to proceed with the installation.

Override Mayors Veto

In his veto message to the council Monday night, Mayor Partney noted the intersection now is protected with two stop signs, and that amount of traffic during an eight-hour period—152 vehicles—did not meet state standards for a four-way stop intersection. He added that police records showed two accidents in a year's time there.

Alderman Nann argued that a traffic hazard exists with Army Depot and school traffic in morning and afternoon hours and that dangers exist with a house close to the corner and also a 4½-foot hedge. He called for the council to override the veto.

After the 12-0-4 vote to override the veto, Alderman Johnson asked for a legal opinion on the state's control over city intersections not on state routes.

Breakdown of Vote

Voting to override the veto were Aldermen Nann, Whitmer, Basarich, Bartosik, Johnson, Thompson and Fry.

Alderman Poulos requested ordinances be prepared to establish stops at 15th street and Grand avenue and 16th and Grand avenue and a no-parking zone at 25th and State streets.

Also to be prepared is an ordinance to enter a contract to provide group insurance for all full-time city employees.

Permission was given for three police officers to attend the Governor's Conference on Juvenile Delinquency to be held at Peoria April 19-21. Expense allowances of \$100 each were approved for Chief of Detectives George Telor, Sgt. Harry Mitchell and Patrolman Alan LeMaster.

Endorsed by the council is the area-wide clean up campaign in May.
